

ADHCRI Video Storyboard

One ASEAN. One Health Future.

Scene 1 (0-8s): Two Children. Two Futures

Visual: Split screen Singapore child / Laos child with ASEAN map

Narration: ASEAN is home to more than 660 million people, yet healthcare outcomes remain unequal.

Scene 2 (8-18s): The Challenge

Visual: TB, Mortality, Workforce, Climate risk icons

Narration: High mortality, disease burden and workforce shortages affect millions.

Scene 3 (18-28s): The Real Problem

Visual: Disconnected hospitals, labs, government and climate systems

Narration: The challenge is fragmented health intelligence.

Scene 4 (28-40s): Introducing ADHCRI

Visual: Connected systems flowing into ADHCRI hub

Narration: ADHCRI integrates health, workforce, climate and investment intelligence.

Scene 5 (40-50s): How ADHCRI Works

Visual: Data -> AI -> Prediction -> Alerts -> Action

Narration: Predict, Prevent and Protect.

Scene 6 (50-60s): Impact

Visual: Better outcomes, workforce planning, resilience and investment

Narration: ADHCRI improves health outcomes and resilience.

Scene 7 (60-70s): Deployment Strategy

Visual: ASEAN map with phased rollout

Narration: Priority deployment targets highest-risk countries first.

Scene 8 (70-75s): Closing Vision

Visual: Connected ASEAN map and ADHCRI branding

Narration: Transforming Health Data into Actionable Intelligence.

Submission Notes

Use ASEAN map visuals, risk heatmaps, workforce charts, investment charts and ADHCRI architecture visuals.
Duration 60-75 seconds.
